ActCAD in breve

ActCAD è un potente programma di CAD, nativo DWG & DXF e compatibile con tutte le versioni passate e correnti. Utilizza al meglio le recenti tecnologie quali il Multi-threading e il Multi-core, vantando sviluppatori con oltre 30 anni di esperienza CAD. Viene distribuito in 3 versioni, come dettagliato nella tabella a seguire: ActCAD Standard per disegnatori 2D; ActCAD Professional per disegno 2D e modellazione 3D avanzata; ActCAD BIM (Building Information Modeling) che aggiunge alla versione Professional tutte le caratteristiche del BIM. E' un programma completo per molte applicazioni in Architettura, Ingegneria, Costruzioni Strutturali, Elettriche e Meccaniche.

File Format Supported

Top Reasons to Choose ActCAD

- ActCAD licenses are Perpetual and very Economical
- There is no recurring cost for annual subscription fee
- Artisan 3D Renderer – Create Photorealistic Presentations/Drawings
- Convert PDF to DWG/DXF Files from within the Software
- Convert Image to DWG/DXF Files – Raster to Vector
- ActCAD Converter: Batch Auditing & File Conversions
- Access Tutorial Videos from within the software
- Simple Self-Help Module to address most of the common queries
- Block Library of over 5000 Blocks (you can add your blocks too)
- Free Email Technical Support
- Many add tools, features and commands

License Type

- 1.Key Based License
- 2.Network Floating License
- 3.Dongle Based License
- 4.CAD OEM License

- * Licenses are perpetual and globally valid.
- * Self License Transfer
- * Instant delivery of License Key(s)

Comparison Table

Features	Standard	Professional	BIM
All Regular 2D Drafting commands	Yes	Yes	Yes
3D Mesh/Wire frame Modelling	Yes	Yes	Yes
ACIS 3D Modelling Viewing	Yes	Yes	Yes
ActCAD PDF Printer	Yes	Yes	Yes
PDF to DXF Converter	Yes	Yes	Yes
Image to DXF Converter	Yes	Yes	Yes
Latest IntelliCAD 10 Engine	Yes	Yes	Yes
Block Library with 5000 Symbols	Yes	Yes	Yes
Create & Edit Tables	Yes	Yes	Yes
ACIS 3D Modelling Editing	No	Yes	Yes
AUDIT Drawing Tool	No	Yes	Yes
Capture CAD points to CSV	No	Yes	Yes
Change Numerical Text Values	No	Yes	Yes
Extract Block Attributes to Excel	No	Yes	Yes
ADT Objects	No	No	Yes
AEC Section Views	No	No	Yes
AEC Elevation Views	No	No	Yes
Covert Polyline to Wall	No	No	Yes
Extra Tool Palettes for BIM	No	No	Yes
View Rotation with Right Click	No	No	Yes
Convert ADT Objects to 3D Meshes	No	No	Yes
3D Stairs	No	No	Yes
RVT,RVA &IFC Overlay	No	No	Yes

Whats New in ActCAD 2021?

- Dynamic Screen
- Input Roof Design
- Ifcodaimport Bim
- Units
- Bimpropstate
- Material Apply
- Bimpropclose

- Thickness

Online Self Help Module

Powering Creativity

ActCAD Self-help module will provide instant answers to all regular questions. The solutions and symptoms database is regularly updated based on client queries. This module will save your time without the need to submit support ticket and wait for reply. You need to have a permanent License Key or Support ID to access this module any time. During Trail period, the Trail License key or Support. ID may be used. Please note that trail license key will not work after the trail period.

In ActCAD self-help system, you will be able to select the problem category and sub-category. Once you submit, you will get all questions and solutions related to selected category and sub-category. We have added videos and images wherever needs so that you will understand the solution easily.

System Requirments

OS: Windows Vista/7/8/8.1/10

CPU : 1GHz & Above (dual core or above)

RAM : 3GB or above

Hard Disk: 5GB Free Space

Graphics Card: Not compulsory for normal users, but recommended to handle heavy drawings and models(Drivers must be upto date)

Development & Technical Support

Jytra Technology Solutions Private Limited

Sri Mutyala Sreehari Estate, Rangampeta,
East Godavari District, Andhra Pradesh - 533291. INDIA.
